

Are you a caregiver or healthy adult looking to help further the research on cognitive impairment and Alzheimer's disease?

Participate in this new research study conducted by Dr. Philip Harvey at the University of Miami:

- Eligible participants are healthy adults aged 60-85 years
- Help us assess new ways of testing memory and attention
 - Receive a free research MRI scan
- May receive monetary compensation for your time

For more information, contact the Behavioral Research Assessment Center (BRAC) at 305.243.5840 or BRAC@miami.edu
